SUBJECT: Solicitation Results - City Park Renovations Project 2016-12

Project Quotes for the City Park Renovation Project were received 9-7-17 at 3PM. One quote, from Glacier Construction (Amity) was received. The overall proposed project cost of \$98,200 exceeds the City's projected project budget. Therefore, the City will not be awarding a contract for this project and the current solicitation process will be terminated at this time.

The City will review the project scope of work and may invite new quotes for a modified project in January or February 2017.

Thank you very much.
